DR. ABBOTT GIVES STUDENTS ADVICE

New Haven, Nov. 22.—The Rev. Dr. Lyman Abbott talked to Yale students in Bette Chapel about loving God and their neighbors, yesterday.

After he had traced the development of the world through the ages of war, chivalry and the monastic period, in substance he said:

"Great things have been accomplished in scientific circles and some of us are wondering if we have not almost reached the end. The north pole has been discovered. What else is there for us to find? In the early days we sought out the fish at the bottom of the sea to light our houses. I can remember when the whaling industry was at its height. Now we have tapped the world's dynamo to light our houses and to run the machinery of commercialism. When I was a boy the business motto was: 'Get what you can and keep what you can get.' Now the motto has become: 'Get what you can and do what you can for others.' The Roman law-makers would have laughed at the idea that all governments exist for the benefit of the governed. Yet all the countries of Europe west of Russia are actuated today by that principle in one form or another. In my day labor was a commodity to be bought in the cheapest market and sold in the highest. It was contended then that it would be impossible to raise cotton without the slaves. Yet today there is not a plantation owner that could be found in the whole of the South who would favor a return to slavery."

Dr. Abbott gave advice to the young men who are about to go out in the world to carve their own fortunes. He said that the history of the human race was a history of the development of love.

"If in your business life you work with those who are striving only for selfish ends," went on the preacher, "you will have to fight the great forces that through the ages have been working for the good of each of us. If on the other hand you enlist with those who are trying to help others, you will become a part of the great force that is working for the good of the world."

Snake Bites Girl
With Fatal Results
Amsterdam, Ga., Nov. 22.—Miss Belle Jones, 18 years old, daughter of a merchant here, is dead as a result of being bitten by a rattlesnake while walking in the flower garden at her home.

The snake was coiled under a rose bush and struck Miss Jones as she was gathering flowers. The snake struck the girl on the leg between the ankle and knee and clung there. She ran screaming to the house, dragging the snake with her. Her cries aroused her father, who snatched the snake with his hands and killed it. Physicians were summoned, but were unable to save the girl. She lived only five hours.

Woman of 69 Burned to Death
Mrs. Patrick Ryan, aged 69 years, living in Milford on Gulf street, near the old Catholic church, died at St. Raphael's hospital in New Haven, Saturday afternoon, as a result of serious burns received at her home in the morning. Mrs. Ryan was alone. It is supposed the fire started in her kitchen. She rushed into the street, her clothes blazing, and screamed for help. Her neighbors rushed to her aid and tried to smother the flames. The Rev. Father Peter McClean of St. Mary's church administered the last sacrament before the aged woman was hurried to the hospital in an automobile. The damage to the house was very slight.

Less Cotton Ginned Than One Year Ago
(Special from United Press.)
Washington, Nov. 22.—The census bureau to-day announced that 3,107,731 bales of cotton were ginned from the growth of 1905 to Nov. 14, as compared with 3,595,809 to the corresponding date last year.

RAILROAD CLERKS

GET \$1.85 A DAY

Freight Men On New Haven System
Learn Details of Agreement.

A final meeting of the board of adjustment of the Brotherhood of Railroad Clerks was held at New Haven last night, called by General Chairman Stearns. J. E. Forrester, the deputy general president of the board, was present and took an active part in the proceedings. There were twenty-one divisions of the board in the conference, which was called to consider the general outlook for the order on the New Haven system, where it has recently been authorized. No steps concerning immediate action of the body in connection with making demands on the road for further increases in remuneration were made, although these will be heard from later, and not very many months later, it is presumed.

Instruction was given as to the election of delegates and alternates for the annual convention in New Orleans, to be held on the third Monday in April. It was finally decided that the names of these delegates and alternates would be given out at the next general meeting of the order at New Haven in January. Each of the twenty-one divisions will elect its own delegates and alternates.

During the afternoon the adjustment board attended in a body the first meeting of the New Haven union of the clerks. At this meeting about 100 members of the order, principally freight clerks from this section, were present, and Deputy President Forrester and Chairman Stearns were among the speakers.

It was then that the news was officially given out to the members of the union that the settlement of the trouble with the road had been fixed on a basis of a minimum wage of \$1.85 per diem. The road, it will be remembered, had previously offered a flat rate of \$1.75 per diem. It had been stated since the threatened strike that the road had agreed with the union to pay this class of men on a \$2 per diem basis, but this figure is now stated at \$1.85.

When "The Circus Man" will come to Jackson's this evening, already are causing talk in theatrical circles. A love affair of high proportions is developing between Imogene and Maclyn Arbuckle, the star of the east, an affair that only professional jealousy can mar. (She is a tiny creature—110 pounds—of some twenty tons weight, and she has an affectionate nature, although somewhat fickle, for she has transferred her love from her trainer, Robert Tyler, to the round Arbuckle. Imogene is a live Gevion elephant, whose kittenish and coquettish conduct led to her engagement to create the role of the circus elephant in the Presbury comedy. She has an important part in the plot for she brings about the marriage of her master with the woman of his choice, the Widow Snell of Palermo, Maine.

IN THE THEATRES

POLI'S

Thanksgiving week at Poli's is sure to be full of delight to all the patrons, for one of the biggest bills which has been presented here in a long time will be seen, and there will be so much to amuse and interest that everyone will be delighted, and the seating capacity of the house is certain to be tested at every performance.

The principal offering for the week will be the renowned Palace Girls, a novel singing and dancing act which has few if any rivals on the American stage. This act is brought from abroad, and has, everywhere, achieved the most wonderful results. The Palace Girls are eight in number, and they are the prettiest and brightest girls who ever entered vaudeville. Besides, they have the assistance of Arthur Clemmons, who has a variety of novel and quaint dances which have never before been seen in this city. The act is sure to draw the boys and the men, and the ladies will not be far behind them in enjoying one of the prettiest acts ever seen here.

Then there will be Violet Black and her company, as a special added feature, presenting the new faces, "In the Subway." A farce which has everywhere set the pace for laughter. Miss Black has been seen in many of the leading theatres of the country, and has everywhere met with the same outpouring of praise. She is a clever and talented actress, and this new sketch is said to be a hair-raiser in the matter of provoking laughs.

Another feature which will be certain to gain the approbation of all is the wonderful hand balancing of the Gosh Sisters, an English act which has made the circuit of the big theatres, and in every place has won the approval of the theatrical press and public. This, however, will be but one of many offerings which will serve to strengthen a bill which is already as strong as most people would desire.

Jarrow, the humorous trickster, will show us a number of the latest illusions in such an artistic manner as he alone is capable of their performance. Frank Wilson, unquestionably the greatest rider of the single wheel on the stage, will show the latest and newest tricks devised in this sport, and there will be new and fine pictures for the cinematograph.

If there is anything more that the theatre patron could possibly desire, he must be one of those who desire everything for nothing. There are more than made good in the big theatres of the country, and those coming here at this time will only further strengthen a bill which is already as strong as most people would desire.

There are more than made good in the big theatres of the country, and those coming here at this time will only further strengthen a bill which is already as strong as most people would desire.

Jarrow, the humorous trickster, will show us a number of the latest illusions in such an artistic manner as he alone is capable of their performance. Frank Wilson, unquestionably the greatest rider of the single wheel on the stage, will show the latest and newest tricks devised in this sport, and there will be new and fine pictures for the cinematograph.

JACKSON'S

"THE CIRCUS MAN"

The escapades of the fair Imogene, soubrette of "The Circus Man," which will come to Jackson's this evening, already are causing talk in theatrical circles. A love affair of high proportions is developing between Imogene and Maclyn Arbuckle, the star of the east, an affair that only professional jealousy can mar. (She is a tiny creature—110 pounds—of some twenty tons weight, and she has an affectionate nature, although somewhat fickle, for she has transferred her love from her trainer, Robert Tyler, to the round Arbuckle. Imogene is a live Gevion elephant, whose kittenish and coquettish conduct led to her engagement to create the role of the circus elephant in the Presbury comedy. She has an important part in the plot for she brings about the marriage of her master with the woman of his choice, the Widow Snell of Palermo, Maine.
